

Nagios XI - Configuring NSClient++

Article Number: 118 | Rating: Unrated | Last Updated: Wed, Feb 10, 2016 at 6:26 PM

Configuring NSClient++

This document describes how to configure the NSClient++ agent so it can be monitoring by Nagios XI or Nagios Core.

Enabling NRPE With NSClient++

This document describes how to configure NRPE Listener in NSClient++ (versions 0.3.x and 0.4.x) for Nagios XI on a Windows client system. The NRPE listener allows more advanced monitoring in NSClient++ using check_nrpe which is not possible with the legacy check_nt module.
