

Nagios XI - Configuration Applies, but still get "Configuration File Is Out Of Date" Error

Article Number: 159 | Rating: Unrated | Last Updated: Mon, Feb 22, 2016 at 7:28 PM

Problem Description

The applying configuration completes successfully and the changes are visible in the XI interface, but you're still seeing an error message in the CCM that says "Configuration File Is Out Of Date".

Resolving The Problem

This problem is related to the system time not being configured correctly.

Please follow this guide on how to correctly define the timezone on your Nagios XI server:

[Documentation - Changing The System Time](#)

Final Thoughts
