

# Nagios XI - Installing The Solaris Agent

Article Number: 220 | Rating: 1/5 from 1 votes | Last Updated: Tue, Feb 9, 2016 at 10:35 PM

## Installing The Solaris Agent

This document describes how to install the Solaris monitoring agent on target Solaris servers. This allows organization to monitor vital metrics and ensure that their Solaris servers are functioning properly. Currently only Solaris 10 is supported, but support for other versions of Solaris may be added in the future.
