

# Nagios XI - How to Monitor an AKCP SensorProbe2 using SNMP

Article Number: 241 | Rating: 1/5 from 2 votes | Last Updated: Tue, Feb 9, 2016 at 10:35 PM

## How to Monitor an AKCP SensorProbe2 using SNMP

This document describes how to monitor an AKCP sensorProbe2 device with Nagios® XI™ in order to be alerted when temperature, humidity, or other environmental variables exceed specific thresholds.

This document outlines how to monitor the Dual Temperature/Humidity sensor connected to the sensorProbe2, however various AKCP intelligent sensors can be connected via the RJ45 connectors to the sensorProbe devices and then monitored in Nagios XI in a similar manor.
