

Nagios XI - Understanding Notification Variables

Article Number: 275 | Rating: 1/5 from 1 votes | Last Updated: Wed, Feb 17, 2016 at 7:30 PM

Understanding Notification Variables

This document describes the variables available for use when customizing Nagios® XI™ notification messages. Understanding the different notification variables available will allow users greater ability to customize the format and content of host and service notification messages they receive. This document also describes how to create new variables which allow you to even further customization of your Nagios XI notifications.
